

## GTSI HELPS STATE & LOCAL AGENCIES ACHIEVE THEIR ARRA GOALS

GTSI aggregates COTS hardware and software with its wealth of services to help government agencies achieve their ARRA technology and business objectives. Through reliable methodologies, GTSI project managers and certified engineers can rapidly deploy, document, and manage ARRA funded IT infrastructure projects. Additionally, GTSI is a holder of the Technology Services & Solutions portion of the U.S. Communities contract. The U.S. Communities contract is a competitively solicited, fixed price, nationwide contract vehicle which meets most states lawful statutory bid requirements. The U.S. Communities contract allows government agencies to quickly procure complex IT solutions including products, professional services, and financial services.

ARRA Challenge	GTSI Solution	Agency Benefit
<ul style="list-style-type: none"> <li>Contracts must be fixed price and competed</li> <li>Stringent reporting requirements for projects receiving stimulus funding</li> <li>Compressed project implementation timelines</li> <li>Small Business requirements and set asides</li> <li>Transparency of spending and project progress</li> </ul>	<ul style="list-style-type: none"> <li>U.S. Communities contract</li> <li>PMP certified Project Managers</li> <li>GTSI solution delivery approach</li> <li>GTSI Small Business Program</li> <li>GTSI e-Business</li> </ul>	<ul style="list-style-type: none"> <li>Competitively solicited contract, fixed price, meets lawful bid requirements</li> <li>GTSI PMs provide reports that relate project status and performance to SLAs</li> <li>PDIO delivery methodology utilizing COTS hardware &amp; software</li> <li>GTSI has vetted IT partners across all SBA small business classifications</li> <li>Enables agencies to control spend, technology and maintain processes.</li> </ul>

## GTSI ARRA GOVERNMENT AGENCY ENABLERS

	Project Management	Solutions	Green IT	TLM
