

## Customer Testimonials

*"The dedicated and knowledgeable GTSI team worked diligently to provide us with comprehensive product and price details and to ensure our satisfaction. ... GTSI has provided solutions for several major City projects ... 12 counties, which has resulted in kudos to Procurement Services for recommending GTSI and this avenue. The solutions that GTSI proposed ... are truly technologically sophisticated, high quality systems and we commend GTSI for their efforts in responding to our request with yet another innovative answer! Their experienced staff, excellent teamwork and proactive approach allowed the City to meet tight deadlines, and obtain the best products to greatly enhance public safety by increasing productivity and responsiveness to save lives."*

**- Karen Ruppe, Deputy Director, City of Charlotte/Mecklenburg County, Procurement Services Division**

*"Our high compliments to you and your GTSI colleagues, by the way, on the recent reports of GTSI's stellar execution .... We are honored by our association with such a high-performing organization."*

**- James Richard Stelling, State of Tennessee Finance & Administration, Office for Information Resources**

*"GTSI's innovative solution and outstanding performance on this Port of Miami project is exceptional. Excellent work Brooks [Brooks Moatz, GTSI's Solutions Consultant]! Let me repeat: Excellent work Brooks! ... Thanks."*

**- Hugo Hernandez, Computer Services Manager, Port of Miami**

*"In order to provide our students, teachers and parents with first-rate customer service, it is imperative that we work with partners like GTSI that can provide us with an exceptional, cost effective physical security solution," says Chuck Edwards who is the Director of Maintenance and Operations at Sherman Independent Schools District in Sherman, Texas. " We're satisfied that this system not only meets our needs today but has the flexibility to evolve with the changes within our school district down the road."*

**- Chuck Edwards, Director of Maintenance and Operations, Sherman Independent Schools District**

*"GTSI's innovative approach in dedicating a Project Manager with utmost management skills, market skills, and business know how in the government arena was definitely a major contributor to the success of the VA SOC Project. GTSI also provided the engineering support by providing two of their senior engineers who were customer friendly and had through knowledge of their associated technologies. This approach allowed for strong business relationship development among the client, vendors and subcontractors involved in the project, facilitating the intricate management responsibilities involved in the day to day administration of this project."*

**- James Thomas, VA Technical POC, Department of Veterans Affairs**

*"We wanted to make sure we partnered with a company that could provide the guarantees of accuracy on capturing SSNs and successfully redacted them from public view," stated. "In taking on a project of this size," she said, "it is also important to ensure that the vendor had in place not only the resources, but the physical and technical security to protect the records."*

**- Barbara Frerichs, Chief Deputy, Recorder's Office**

*"I have never had such a smooth installation, ever!"*

**- Caren Skipworth, Collin County IT Director**

*"...the Florida Department of Revenue, Information Services Program, has utilized the Alternate Source Contract #250-001-07ASC on numerous occasions. We have found this contract to be very beneficial, convenient and a good overall value. We would highly recommend DMS continue its relationship with the US Communities contract and GTSI."*

**- Joe Lockard, Budget and Procurement Manager, Florida Department of Revenue**

*"I am extremely proud of our performance in completing our Mobile Data Expansion Project in the incredibly short timeframe required. I am convinced GTSI was the only vendor with the resources and corporate agility to pull this type of service offering together and deliver on time and on budget. I strongly believe that successes such as these depend on teamwork and I consider GTSI to be a strong player on our team here at The Center for Rural Development."*

**- Rodney E. Murphy, Director, Department of Public Safety, The Center for Rural Development**

*"The ease in making purchases has been wonderful. Just the fact that we can bypass the bid process has been a tremendous timesaver. GTSI works with us when necessary to provide quotes on products/services that we need."*

**- Candace L. Wolff, CTPE, CPP, CPPM, Coordinator, ISS Department, Palm Beach County, FL**

*"Over the past 3 years, we have seen a tremendous public benefit from this contract. U.S. Communities provides an excellent pre-competes vehicle for local governments and other agencies to purchase goods and services while saving time and money. We are delighted that so many have taken advantage of the contract."*

**- Cathy Muse, Director of Purchasing, Fairfax County, Virginia**

*"Strength was GTSI's ability to provide timely and robust support that facilitate mission success on our timelines prior to deployment, during deployment and post deployment. GTSI remained proactive to ensure our satisfaction and to ensure that the[re] were mission enablers not distracters. GTSI has proved not to be a sell and forget organization – they have continued to provide exceptional support before and post all sales."*

**- Michael L. Mills, LTC, SC, Deputy Director, C4 Systems**
